¡Somos Fras-le!

Una compañía brasileira presente en los 5 continentes en más de 120 países, que desde hace 65 años trabaja en la fabricación de materiales de fricción para vehículos pesados, livianos, motos, tractores, trenes, subterráneos, aeronaves, ascensores, sondas petrolíferas y aplicaciones industriales, con más de 12.000 referencias de productos en el mercado donde operamos, y el más avanzado centro de investigación y desarrollo de América Latina. En Colombia contamos con nuestro centro de distribución en Cartagena y con nuestra oficina en Bogotá, donde un equipo

comercial y técnico trabaja día a día para ofrecer todo el desarrollo de la compañía en gran parte del territorio del país.

Velamos por la seguridad extrema de nuestra gente trabajando arduamente en nuestras fábricas, centros de distribución y oficinas comerciales (distribuidos en países como Brasil, EUA, China, Argentina, Uruguay, India, Alemania, Holanda y Colombia) y en el Centro Tecnológico Randon, un centro de pruebas por excelencia que garantizan la calidad de los productos y seguridad en el control de movimientos.
